AWAIT REGIONAL FINALS—Ready for the All American Soap Box regional finals next Saturday are these Palm District area entrants and their mounts. The event is sponsored locally by D. C. Stachler's

Stack Chevrolet and The Desert Sun and each by a local organization. Left to right, John Chumley (Rotary Club), Ronnie Hayes (Dill Lumber company), Lynn Dolton (only unsponsored entrant),

Denson Pickell (Libott Swimming Pools), Gerry Dunlap (Coast Electric), Jimmy Jackson Jr. (Penzell), Richard Mounts (Palm Springs Builders Supply).

Soap Box Derby Entrants Ready for S. B. Trials

Seven Village youths have completed their racers and are ready for the regional finals of the All American Soap Box Derby to be held in San Bernardino Saturday. The winner there from a field of Riverside and San Bernardino counties, will go to Akron, Ohio, for the national finals and rich prizes in August.

Local inspection of all of the racers was held Saturday at D. C. Stachler's Chevrolet show rooms. All cars were checked to see if they conform to the All-American Derby regulations.

(Desert Sun Photo)
READY TO ROLL—Final check up of Soap Box Derby entrants completed, checkers and drivers pose for the camera before heading for San Bernardino and the regional finals Saturday. Front row, John Chumley, Ronnie Hayes, Lynn Dolton, Denson Pickell, Gerry Dunlap, Jimmy Jackson Jr. and Richard Mountz,

sitting in their racers which they made for themselves. Back row, Russell Hayes, Officer Ted Greene, Vic Branchi, Jim Tillman, Bill Parker, Jimmy Jackson Sr., Bert Barker and Bob Sandeffer. Winner at San Bernardino July 19 competes at Akron, Ohio, in the All American finals in August for valuable prizes.

ELECTION THOUGHT
With Ike and Dick the G.O.P. Have really made a pairing. They may make Harry wish that he had never mentioned herring.

I REALLY wanted to use Eisenhower and Nixon . . . The Eisenhower was easy because it rhymes with power but try as I would, even I couldn't write something about "Richard Nixon will put the hex on" . . . Every man has his limits . . . But, remember, no matter what you think of H.S.T. or Ike, you can't do a thing about it unless you're registered . . . The boys are putting their pens in their hands . . . I Scotch this gag yesterday: "They call 'em Bourbons but after November 4 they'll have wry faces."

HARRY OLIVER was around recently rubbing his hands and remarking, with originality: "It's the wheel that squeaks that gets the grease." . . . His jubilation was brought about by the recent news item that the state division of highways had announced plans to re-align and widen Highway 99 from Whitewater to Thousand Palms . . . This is the stretch that Oliver has often designated as "Hell's Ten Miles" because of the many accidents . . . He has been campaigning for a new road for three years . . . The old one is crowned and the heavy trucks with high loads are inclined to stick to the middle, he said . . . In fact, there were so many trucks and cars crashing that Oliver built a barricade in front of his Fort Oliver to protect the old adobe . . .

WHAT'S HAPPENED to the old west? . . . Palm Springs has a western week, people are urged to go western in garb and play

Amended Indian Law Arouses Speculation Here

Speculation was rife here today whether an amendment, passed by the House of Representatives to that portion of the United States code covering law enforcement on Indian reservations will end a dry era in effect since reservations were first established.

Status of the bill is unknown here beyond passage by the lower house. No word of further progress has been received by officials.

IN CALIFORNIA, only the reservation of the Agua Caliente band of Indians is affected by the measure which specifically lists it. Reservations in Kansas, New York and North Dakota are also affected.

The section of the amendment which many local people believe will lift the ban against liquor on Section 14 is one in which the government turns over to the states, all law enforcement. This they take to mean liquor control, too.

THE SECTION in question reads: "Each of the states listed in the following table (which includes California) shall have jurisdiction over offenses committed by or against Indians in the areas of Indian country listed opposite the name of the state (Agua Caliente reservation is the only one listed) to the same extent that such state have jurisdiction over offenses committed elsewhere within the state and the criminal laws of such state shall have the same force and effect within such Indian country as they have elsewhere in the state."

No official comment or interpretation of the section was offered by any official here.

Village Spotters Start Sky Watch on 24-Hour Basis

Operation Sky Watch went into effect here Monday morning on a 24-hour basis when volunteers of the Palm Springs ground observation corps started manning the lookout station on the Carnell building.

The activity here was in conjunction with watch towers in California and 27 other states in the nation. More than 150,000 volunteers went on the job at 8 a.m. Monday. These are far fewer than needed and throughout the nation, as well as in the Village, appeals were being made for more watchers.

IN PALM SPRINGS, Francis F. Crocker is supervisor and Mrs. Zaddie Bunker, chief observer. They have been busy for weeks recruiting volunteers for the local post. They need more as many of those who have signed up are planning vacations later this month and in August.

They will report to Santa Ana and Pasadena filter stations all strange aircraft they spot. They have also been asked to report any flying saucers they see.

COL. OSCAR S. DRESHER, director of Riverside county's civil defense program, said that about 1600 started manning the county's 22 observation posts Monday at 8 a.m. Four other posts in

Cabin at Court Razed by Blaze

Fire Saturday evening totally destroyed a one-story frame rental cabin at McKinney Court.

The fire department was unable to reach the site in time to save the small structure.

It was occupied by Bob Rook. Cause of the blaze was not established.

Tavern Owners Oppose Use Tax

Plan Code to Protect Area Near Village

County Building Legislation Ordered Drawn

Preparation of an ordinance to establish a building code for most of the heavily populated unincorporated areas of the county, including much territory around Palm Springs, was ordered by supervisors Monday.

Motion to order County Counsel W. O. Mackey to prepare the code was made by Supervisor Sherman Lewis of San Jacinto. He said an emergency exists and the county cannot afford to delay longer.

OLD BUILDINGS, mostly from the path of freeways in Los Angeles county, he said, are being "dumped" in unincorporated areas in Riverside county where there is no ordinance to prevent them.

These buildings are obsolete and decaying and unfit for human habitation.

The vote was 4 to 1 for the motion. Supervisor William Jones dissented. He wanted the code put to an election.

OTHER MEMBERS of the board said that this would be unfair as voters in incorporated cities which already have building codes would outvote those in unincorporated areas who opposed codes. Under provisions of the proposed ordinance, all of District Two and Three (around Riverside) would be included.

The code will not be applied to areas where most of its opponents live.

PALM SPRINGS will be protected by a two-mile belt. The code will apply to all areas within two miles of the city's limits.

Other areas in the Palm Springs district will be subject to the code where, in any half-mile square unit, the density of development averages more than one residential or commercial unit per each two acres.

This would include most of the area between Palm Springs and Palm Desert since another provision applies the code to areas lying between such units where the district is not more than a half mile.

It would also apply to Desert Hot Springs, Cathedral City, Rancho Mirage and Palm Desert areas.

Salary Hikes

Four Department Heads Get Boost

Four salary increases were voted by city council last week. They were \$50 monthly to City Manager Russell Rink, \$26 more for Chief of Police A. G. Kettmann, \$26 more to City Planner George Woodman and \$23 monthly more for City Treasurer Robert W. Peterson.

The increases start with the current fiscal year.

Peterson Takes Over at City Hall

Robert W. Peterson, city treasurer, was acting city manager last weekend. He took over for City Manager Russell Rink who went to Coronado and San Diego Friday for a brief vacation.

Rink returned Monday.

Dr. and Mrs. Hoff Now in Wisconsin

Dr. A. G. Hoff, superintendent of Palm Springs Unified School district, and Mrs. Hoff are on vacation in Superior, Wisconsin, with the E. L. Hoff family.

They expect to return to the Village August 4.

SEPT. 11 DEADLINE FOR REGISTRATION

Although it isn't even August, City Clerk Louise McCann said Tuesday, it isn't too early to remind any unregistered voter that the deadline for getting on the great register for the November 4 general election is September 11.

Under a new law adopted at a recent general election, registration books now close 54 days before balloting.

All those who have moved since their registration or those who will be 21 years of age November 4 are urged to register—and register early.

Registration books are open at the city clerk's office at the city hall.

Plan to Fight Proposed Act Taxing Drinks

Ask Council to Delay Action Until September

Plans of Palm Springs city to enact a Use Tax law, as outlined at last week's city council meeting, will meet stiff opposition it was indicated today as local tavern owners, who will be most affected, began to lay plans to combat the measure.

The ordinance, which council last week instructed City Attorney Roy Colegate to prepare, would levy a tax on all alcoholic beverages sold here as well as on individual drinks. It would also levy a one per cent tax on items bought out of the city.

WITH MOST of the local tavern owners out of the city and no association meeting scheduled until September, Irvin Schuman of the Chi Chi and Bill Foldes of Palm Springs hotel started an investigation into the proposed one per cent use tax as it applied to sale of individual drinks.

"The plan undoubtedly has some merit but as far as we can see, no one can be affected by the additional one per cent tax more than the tavern owners," said Schuman. "They must reach into their own pockets to pay the tax. As it is now, the tavern owner must charge the customer the price of a mixed drink, add the 20 per cent amusement tax and then the one per cent use tax. That may be the straw that breaks the camel's back."

SCHUMAN ADDED that he and Foldes had contacted Councilman Florian Boyd and asked that no action be taken on the proposed ordinance until the Tavern Owners' association had a chance to discuss it in September when all members have returned.

IN A CHARTER county, supervisors are elected at large. Proponents of the plan in the desert area, say it would end unequal representation and other inequalities which have caused sentiment for secession and formation of a new Desert County.

Varnier listed these possibilities under a charter form: 1.—Election of supervisors at large. (Now supervisors are elected at large.)

See CHARTER, Page 6

The PUBLISHER'S Corner

NEW REPUBLICAN LEADERSHIP has taken over control of the party following the 1952 convention. For the first time (at least since Wendell Wilkie's unsuccessful try in 1940) a Republican candidate has been nominated without a compromise or deal with the old guard faction of the party. Eisenhower says he is not going to repeat the experience of 1940, indicating that he will not try to go it alone as Wilkie did. He has declared, in fact, that the 1952 Republican campaign will have as its objective not only a Republican in the White House but GOP majorities in the House and Senate and a Republican breakdown in the states of the "Solid South."

There will remain, of course, some bitterness on the part of die-hard groups of the old guard. Many people feel that this will help rather than hinder the Eisenhower-Nixon campaign. They argue that since 1940 the Republicans have offered the country men who were forced to make compromises because of the old guard power. It might be said for Dewey that he was prevented from breaking away on more than one issue by the old guard group. Having been nominated over the opposition of the GOP bigwigs, Eisenhower will be supported by those who might fear that the Republican party's return to power would bring about a return to isolationism.

People seem to be pretty much fed-up on party politics after four years of Truman's political chicanery. Then, too, they looked askance on the Republican contests which reflected on the Taft campaign no matter which side was right. So, as a newcomer to politics, the Republican nominee will appeal to a lot of voters. Both he and Richard Nixon will win-over a lot of young people, too. It is a fact that Eisenhower will be strong in the so-called doubtful states which the Republicans must carry to win next November.

ALTHOUGH A CALIFORNIAN was again nominated as (Please turn to page 2)

Property Tax Pays Half of City Expense

Measure Fixing Funds to Leave Rate Unchanged

Property owners of Palm Springs will pay \$384,927 of the \$774,199 budgeted to operate the city for the 1952-53 fiscal year.

Council last week set that amount as the money to be raised by property taxation during the year.

Based on the increased assessed valuation of the Village, the higher budget will be met with an unchanged city tax.

The money raised by property taxes will go into the following funds with their proportionate tax rates:

Fund	Rate
General	\$260,846 .868
Library	21,456 .071
Bonds	69,625 .231
Publicity	33,000 .110
Totals	\$384,927 1.280

The ordinance fixing the money to be raised by property taxes was introduced last week and will be adopted at the next meeting of city council.

From Page One—MORE ABOUT SKY WATCH

the county will be manned by state division of forestry personnel from fire watch towers in the mountains.

Crocker said yesterday that more than 30 Villagers have signed up to take a three-hour shift. He said that the Sky Watch will continue for some months or until the threat of a sneak attack is ended.

Twenty nine local observers attended a meeting at Frances Stevens school Tuesday night for further instructions.

Use of the Carnell building shelter and all utilities has been made possible through the courtesy of the Plaza Investment company, Messrs Harry Pitts, Stanley Rosin, Abe Schwartz, Lou Dubin, Aaron Stearnberg and N. Z. Rowen. Work and materials were furnished by Elly Windhurst. Equipment has been provided by Zaddie Bunker, Maury Pavy, Village Pharmacy, Paul Campbell and Village 5 and 10.

PUBLISHER'S CORNER

the GOP vice presidential candidate, many in the party are wondering why the California delegates were not released when it became so apparent that Gov. Warren had no chance. While Sen. Knowland joined in the motion to make Eisenhower's nomination unanimous, it still remains a matter of record that California's 70 delegates held firm to Warren on the first and only ballot. Should not California have acted more quickly when it became so apparent that Eisenhower was going to be nominated? Is a "favorite son" position in a convention such a good position after all? These questions will be discussed in California for a long time—and brought up again four years hence.

GETTING BACK to local affairs, we were surprised to learn that our city manager in Palm Springs fears that the smog from the coastal area will some day envelop the nearby desert if something isn't done about it. While haze is more evident in the San Geronio pass than a few years ago, it seems very unlikely that there will ever be so much as to endanger Palm Springs. If it gets that bad, so many people will move out this way that Palm Springs will become a suburban area for city workers. A much greater menace is the possibility that smoke-producing industry may be allowed to locate in the desert area—like the proposed cement mill which Samuel Guiberson wanted to build right around the corner from Palm Springs a couple of years ago. That would be an immediate danger. It must be remembered that the people of this county voted to allow this cement mill to be located near Palm Springs.

To counteract a much greater and immediate danger than smog blowing through the pass, Palm Springs and all residents of the desert area should join in a campaign to: 1) Educate the rest of the people in this county to realize that since 40 percent of the county's facilities are financed by taxes from this area it is to their own interest to protect it. 2) Work for strengthening of the county zoning ordinance to the end that smoke-producing industries will be prevented from establishing factories in the area.

Council Decides to go Back Into Waste Business

City of Palm Springs is going back into the waste disposal business it was decided last week when they authorized City Manager Rink to advertise for bids for three packing type waste disposal trucks and other equipment at an estimated cost of \$9,500 which will come from the capital outlay fund.

The city recently decided to let waste disposal collection out to a private contract, but when two bids came in, decided both were unsatisfactory.

City Manager Rink believes that with the purchase of the new equipment, the city can operate its own disposal department at a profit instead of the annual loss which has prevailed the past few years.

Hillerys to Tour Europe, Return on S. S. United States

Mr. and Mrs. W. R. Hillery of Cathedral City will leave the desert Saturday and before they get back in November, will have covered much territory and viewed many countries.

The Hillerys will leave by train for Chicago on Saturday and plan visits there, in Washington, D. C., and New York before setting sail August 1 on the "America" of the United States lines for England.

THEY PLAN to spend a month on the British Islands and then tour the continent for a month—France, Germany, Switzerland, Italy, Spain—before returning to England.

On the return trip from Eng-

land they have reservations on the world-record holder, the S.S. United States of the same line, which, after winning the eastward crossing mark by 10 hours over the Queen Mary, this week won the westward crossing mark by more than 9½ hours. The United States made the westward crossing in 3 days, 12 hours and 12 minutes.

AFTER RETURNING to the United States, the Hillerys will spend a month in the east before returning to the desert.

Hillery, well known Cathedral City realtor and chamber of commerce worker, is also member of local flood control district, active in Coachella Valley Advisory Planning committee and was for many years member of the high school board before it merged with the Desert district board to become the Unified District board.

land they have reservations on the world-record holder, the S.S. Supervisors Ask Speedy Action on El Monte Route

County supervisors joined in the battle to end the stalemate over selection of a route for Ramona Freeway through El Monte. They adopted a resolution Monday asking a state legislative committee headed by Senator Randolph Collier to speed selection of the El Monte route.

They pointed out that the delay was harmful to development in Riverside county and holding up completion of the Freeway which ties in with Highway 60 to Riverside and Highway 99 to the desert area.

Senator Collier's committee composed of seven senators and seven assemblymen will meet at El Monte July 21.

Supervisors' action Monday was taken at the request of Leo Backstrand, Republican assembly candidate and a member of the state chamber of commerce highway committee, southern section. Backstrand will present the county resolution at the July 21 meeting.

With contracts let for the freeway by-passing Pomona and Ontario and other sections of the freeway ready to be advertised, the El Monte dispute and the Banning bottleneck are the only two obstacles still in the path of a four-lane freeway between Palm Springs Junction and the metropolitan area.

Save a Life

By PAT HEGARTY
City Humane Officer

Save a life and it may kick back and save your own, or your wife's or children's life, some day.

Yes, dogs have been known to save human lives countless times in cases of fire and many other emergencies.

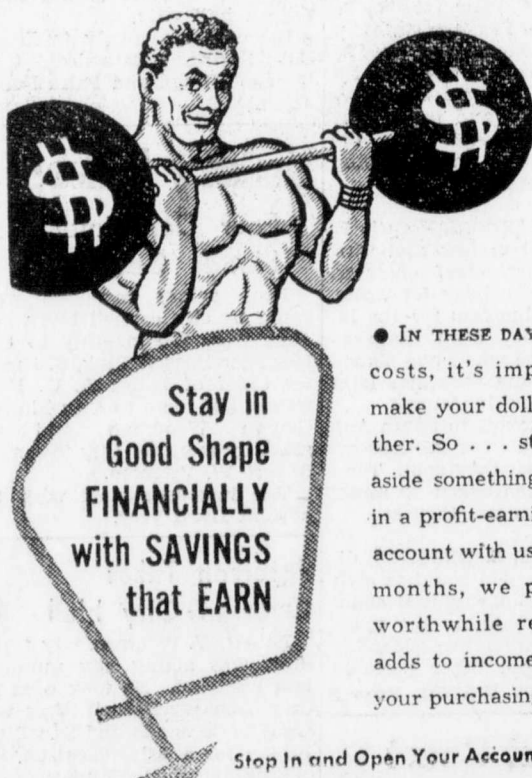

If you don't have a good dog and are in a position to keep one, telephone Pat Hegarty, city humane officer, at Palm Springs 2395 and the chances are that you will wind up with a good dog or puppy for little or no cost.

Cats and kittens are often available on the same basis. By the way, did you know that a good cat or two is the best protection against snakes? Cats are natural snake killers and never seem to be bitten themselves.

Give a thought to providing a home for a good pet and it may turn to your advantage. Available now is a small black and white Collie type female, wonderful with children. Cost, three or four dollars for pound fees, if you can spare it.

City realtor and chamber of commerce worker, is also member of local flood control district, active in Coachella Valley Advisory Planning committee and was for many years member of the high school board before it merged with the Desert district board to become the Unified District board.

Varner Opposes Planned Juvenile Hall Bond Issue

Supervisors last week voted 4 to 1 to call a \$774,000 bond issue to go on the November 4 ballot to build a new Juvenile hall at Arlington. The lone dissenting vote was cast by Homer Varner, representing the Fourth District.

Varner said that he had talked to voters in his district from Beaumont to Blythe and that he believed they would turn down a bond issue for a Juvenile hall alone. He said other projects should be included at this time.

AMONG ADDITIONAL projects he recommended were purchase of buildings at Indio for branch county government activities, a road through Lamb canyon south of Beaumont to provide a shorter route from the desert to the beaches and San Diego, enlargement of the court house at Riverside and a new building to replace the present general hospital.

He advocated a total issue for all needed items of \$4,000,000.

VARNER TOLD supervisors that it took a two-third vote to carry a bond issue and he didn't believe it could carry in the face of desert opposition.

Supervisor William Jones said he agreed in part with Varner but that he was opposed to placing courthouse enlargement or roads on the ballot at this time. They can wait, he said.

Send Subdues Fire Under Auto Hood

Fred Diaz stepped on the start-er, there was a backfire and flames came out from under the hood of his car. After sounding the fire alarm, he dumped sand on the blaze.

When the department reached the Taylor Trailer court the fire was out.

Alternate 99

Would Change
Name of 111

Indio and Holtville have started a move to designate highways 187 and 111, running along the north shore of Salton Sea as "Alternate U.S. 99."

Holtville chamber of commerce which started the move and asked Indio to help, said the route was a scenic one but that tourists did not turn into it because they preferred a U.S. highway sign route to a state sign route. Holtville also pointed out that the highway was an excellent one and bore far less travel than the main 99.

Highway 111 leaves 99 at Holtville, traverses the north side of Salton Sea and rejoins 99 at Indio. From Indio it proceeds through Palm Desert, Rancho Mirage, by Thunderbird, through Cathedral City and Palm Springs and rejoins 99 at Palm Springs junction.

Work Renewed on Marine Base as Strike Ends

Work was resumed Monday on several projects in the county stopped a few weeks ago by a strike of operating engineers.

Two local projects were affected by the walk-out, the conversion of Highway 99 from Palm Springs junction to a point near Garnet to a four-way freeway, and the United States Marine base at Twentynine Palms.

Two hundred men went back to work on the Twentynine Palms project Monday. They are preparing the site for the new \$16,000,000 base.

When they complete their portion of the work in about 45 days, steel and cement workers and carpenters will move in and take over.

Word that the strike had been settled was hailed with satisfaction in the Twentynine Palms-Joshua Tree area Friday.

gate young palm trees to be purchased from Paul Wilhelm of Thousand Palms, plant the trees in North End park and nurture them until time for transplanting to other parts of the city.

More Eloquent Than Words!

It is true, of course, that a Cadillac owner is proud of everything about his motor car.

But it is also true that he reserves a special place in his heart for the beautiful crest that rides high on the hood.

For here, as only he can fully appreciate, is one of the most wonderful and unique symbols in all the world of manufactured products.

In fact, it seems safe to say that no other mark of identification speaks so clearly or so eloquently of the product that bears it . . . and of the man who owns it.

It tells, for instance, of magnificent engineering and inspired design—and of experienced craftsmanship and painstaking construction.

It promises mile after mile of superlative motoring enjoyment—and it foretells year after year of dependable and enduring performance.

It proclaims, in short, the Cadillac pledge of quality—that here is an automobile built to the highest

standards it is practical to enforce in the production of a motor car.

And, oh, the wonderful things it says about the man behind the wheel!

It reveals, more surely than if the words were spoken, that he is a man of position and achievement in his own private world of affairs.

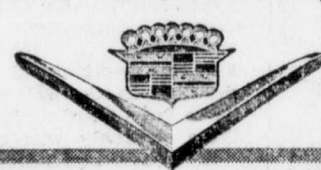

It attests to the high regard he places on the safety and the comfort of his fellow passengers.

And it says, with unmistakable clarity, that he is a person of discernment and good taste.

Little wonder that the man who owns a Cadillac takes special pride in the beautiful crest that identifies it and adorns it.

★ ★ ★
The Cadillac crest tells its most eloquent story when it adorns the magnificent car illustrated above. For here is the illustrious eight-passenger Cadillac "75"—so luxurious, spacious and distinguished that it stands alone among the world's motor cars.

Hayden Quits as Chairman, Jones Elected

Surprise Move by Supervisors Jolts Officials

In a surprise move Monday, Irwin Hayden, chairman of the board of supervisors, resigned that position and William Jones, with whom Hayden had often been at odds, was elected to succeed him.

Hayden's letter was brief. It was submitted soon after the weekly meeting of the board began. The text:

"Gentlemen, herewith I submit my resignation as chairman of the board of supervisors, effective immediately."

SUPERVISOR Sherman Lewis moved at once that the resignation be accepted "with regret." The motion passed unanimously.

Supervisor B. C. Barnes then moved that Jones be elected chairman. He pointed out that Jones had been on the board longer than any other member and that he had just been re-elected and so would be there four years more.

The election was unanimous.

THE RESIGNATION came as a jolt to county officers and immediately started a wave of rumors and speculation. Hayden and Jones have repeatedly clashed and Hayden has several times termed Jones "Stupid."

Barnes and Lewis have made similar comments.

So courthouse corridors are buzzing because the trio, considered as a bloc, have consistently opposed Jones. But Monday they put through the resignation of Hayden and election of Jones without a pause.

Hayden, Lewis and Barnes have constituted a majority bloc on the board often voting 3 to 2 against Jones and Supervisor Homer Varner from the Fourth District.

Fail to Place

Coachella Flyers Not in First Five

The Dietrich twins, Jan of Coachella Valley, and Marian of Sacramento, failed to place in the top five of the Powder Puff derby, air race for women from Santa Ana to Tetersboro, N. J.

The twins did win one prize, however. They were the first to land at the Blythe airport, first leg of the race.

Miss Shirley Blocki, Long Beach, won the event in elapsed time.

Gannon Variance Request Granted

Council last week voted to grant the request of George Gannon for a variance on three lots in the Vista del Cielo tract. Gannon had asked that he be permitted to build two houses each on the three 150-foot lots.

Councilman Florian Boyd moved to grant the application with the proviso that it does not constitute a precedent.

THIS SIDE

Retention of the old west has been the theme of many an event here. But when a cowboy gets himself in a jam by stealing a horse. It goes on the police blotter as "grand theft, horse." Putting that grand steed in the class of an automobile! What's become of "Hoss thief" et cetera? Sorry, but I forgot to tell you people a couple of weeks ago about a new number by Ben Massey, well known desert band leader and exponent of western songs. He has a new one, "Buckaroo Sandman." He gave me a record of it and it is good. The kind I play when Mrs. G. isn't home. Somehow, she doesn't appreciate my music appreciation.

THIS WEEK is Charity Week at Hollywood Park. I wish I could be there. I need some of it the way the horses there turned their backs on me. But, it won't be long now. Soon I'll be watching the blue Pacific, the Santa Fe streamliners zipping by and occasionally looking at the tote board to see if, by chance, my pick's number is up. Lately, the only box cars I've seen have been on the aforesaid railroad tracks (the racing fans will understand that). And I suppose that since I mentioned the Santa Fe I'll get a nasty, sarcastic letter from Chalky Little, FSP tub thumper.

THERE ARE fewer cars on rural highways, the accidents are fewer but the death toll is greater than on city streets. The California Highway Patrol says

Local Flood Tax Hiked Four Cents

Flood control taxes in Zone Six (the Palm Springs area) of the county flood control district, will be four cents higher during the current fiscal year. Supervisors last week approved a \$467,000 budget for the county. This will require a \$327,000 property tax levy.

In Zone Six the tax will be 17 cents instead of 13 as last year. In some districts the tax boost was five-fold.

Even with the raise in the budget which is twice that of last year, N. B. Smith, county flood engineer, said it was inadequate to meet the needs.

Two-Time Loser Back to Prison

Ray Pittulio, 38, two-time loser on bad check charges, was back in San Quentin with an additional conviction against his record.

Pittulio was brought back to Riverside from San Quentin last week to face Judge John Gabbert in superior court on six bad check charges. He admitted his guilt and two previous bad check convictions.

Two of the six checks were passed in Palm Springs.

Slaughters Tour South of Border

Mr. and Mrs. Warren Slaughter are touring Mexico according to letters to friends here. Last Sunday, general election day in Mexico, they were advised to remain in their hotel because "there might be rioting." They also reported witnessing bull fights in Mexico City.

that is because the speed is so much greater than in the cities that most crashes result in fatalities. So, take the lead out of your foot, mister. Speaking of traffic, Chief of Police Gus Kettmann treasures a letter from Mrs. A. W. Gullik of Long Beach who ran afoul of a traffic citation here. When she got home she wrote him a letter, praising

the courtesy of the police and everyone connected with the case here. "It was in sharp contrast to experiences my friends have told me about in other cities," she wrote.

COMES A NOTE from Dr. Samuel Salinger, former resident here and frequent visitor. It, too, had a clipping of that

postcard of two weeks ago which has earned me so much reprobation. I groaned when I saw it but the accompanying letter called attention to the spread between the maximum and minimum temperatures here and in Chicago. There was a 48 degree difference here between a 59 degree low and 107 high. In Chicago, the low was

72—the high, 96, only 24 degrees. "That's what tells the story," he wrote, "that and the very important fact that differences in humidity have a tremendous influence on how hot it feels and how bearable the heat may be. All of which leads up to the conclusion that a guy's a sucker to stay in Chicago when he could be in Palm Springs."

Thank YOU, doctor!

FROM H. W. M. comes a notation. "The three greatest catastrophes that have happened to the United States are: The San Francisco fire; the mid-west floods; the failure of Harry Truman as a haberdasher. And just to make the other side feel good: An elderly gentle-

CH Club Wins Two to Spark Little League

Boys' Club, Strebe Theater Teams Upset Victims

LITTLE LEAGUE			
	W	L	Pct
Junior Police	8	5	611
Boys' Club	8	5	611
Strebe Theaters	6	7	461
Cravy-Hathaway	4	9	307

Cravy-Hathaway team, in last place in the Little League, furnished most of the excitement this week when they got up and smacked one of the contenders for the lead and another team, winning two games and taking a long climb out of the basement.

Their first victim was the Boys Club on Monday night. They won this one 6 to 5 in the best Little League game to date. Jumping into a four-run lead in the first round, they saw the Boys' club work into a 4-4 tie in the fifth, then rallied again to score twice in their half to take a lead which they held. Gauff, club pitcher, slammed out two doubles in two times at bat.

The line score: R H E
Boys' Club ... 021 011—5 7 3
Cravy-Hath. ... 400 02x—6 4 6
Gauff and Segundo; Rogers and Flores.

CH Club Wins Another One

Tuesday night, Cravy-Hathaway kept on the winning trail by defeating the crippled Strebe Theater team 8 to 5. Strebes have lost three of their stars—Larry Sitter, Larry Meek and M. Woody.

Bob Moore, with two doubles out of three; Duane Eskew with a home-run and two doubles in four times at bat and Bob Flores with three out of four were the CH hitting stars.

Lando Darling of the Theater team scored two for his team with a double in the fifth.

The line score: R H E
Cravy-Hath. ... 311 300—8 11 2
Strebe Thea. ... 300 020—5 3 9
Flores and Tomlinson; Rogers and Bergman.

Boys' Club Goes Into Tie for Top

Boys' Club came back in the second half of Tuesday's double-header by defeating Junior Police to draw into a tie for the lead in the league. The JPs had gone ahead last Thursday with

Palm Springs, Pomona, Meet Here Saturday

Palm Springs Merchants will meet Pomona Elks softball team in an exhibition game at Polo Grounds Saturday night at 8:30 p.m., Howard Haddock, local recreation director, said yesterday.

The Pomona team is the top team in that city's Triple A league and Saturday night's game should be a fast one as the Merchants are in winning form right now.

Admission is free, Haddock said.

Jessup First to Get Name There

W. L. Jessup's name was the first to go on the plaque given Palm Springs police department by Earle C. Anthony, Villager and Los Angeles automobile dealer, as a perpetual trophy for the best marksman on the force.

Jessup scored a 237 out of a possible 260 to win the annual police shoot this year. Ted Green was second with 222.

Besides the honor of being the first on the plaque, Jessup also won an individual cup

Merchants Trim Banning, 17 to 3

Palm Springs Merchants drew nearer the top in the County Softball league Tuesday night when they went to Banning and slammed the home team there 17 to 3.

Devers hurled for the Merchants and kept nine hits well scattered.

The Villagers took an early lead and were never in danger.

The line score: R H E
Palm Sp. 308 423 023—17 14 2
Banning ... 000 011 100—3 9 4
Devers and Heisser; Nielson and Burson.

District Finals in Little League Scheduled Here

Plans for regional Little League finals to be played at the Polo Grounds with top teams of four desert area cities, were being formulated this week.

Committeemen from the cities involved are meeting this week to decide on dates and rules.

The tournament will be played at the Polo Grounds, early next month.

a 17-9 win over Strebes.

The club scored in every inning to defeat the JPs 12 to 3.

Johnny Andreas limited the Junior Police to four hits, registered by Don Burke, Kirk Seeley, Joe Lewis and Meridith Helms.

For the Boys' Club Clarence Payne got three out of four and Andreas two out of three.

The line score: R H E
Junior Police ... 200 010—3 4 5
Boys' Club ... 112 35x—12 7 2
Seeley, Lewis and Burke; Andreas and Gauff.

SOAP BOX

urday for San Bernardino. Stachler will see that some of them get there and parents are taking other boys to the Gate City.

The event locally is sponsored by Stack's Chevrolet and The Desert Sun. Last year was the first time that Palm Springs was represented in the event and four boys entered.

IT HAS BEEN growing in popularity and this year ten lads originally entered. But two had to drop out when their families moved away and a third failed to finish his racer in time.

Seven boys have completed their racers. They were inspected Saturday and are ready for the event.

The boys and their individual sponsors are: John Chumley, Rotary club; Gerry Dunlap, Coast Electric; Lynn Dolton, Dolton Special; Ronnie Hayes, Dill Lumber company; Jimmy Jackson, Jr., Pennzoli; Richard Mountz, Palm Springs Builders Supply.

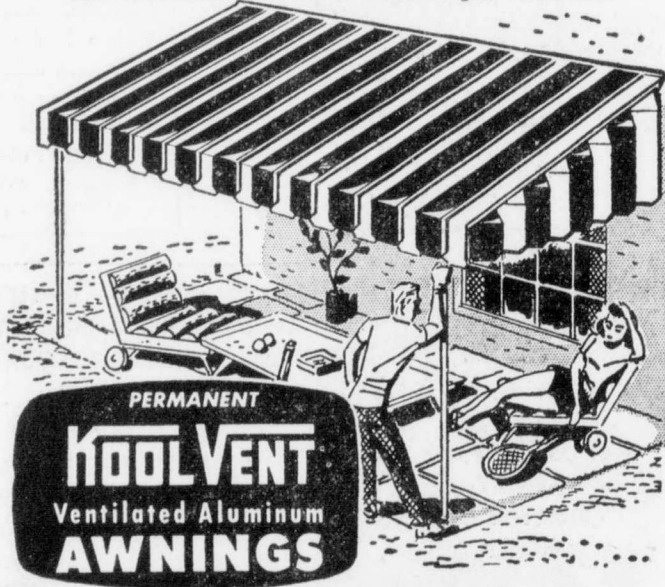

Merchants Meet Elsinore Tonight at Polo Grounds

Palm Springs Merchants, who climbed to third place in the County Softball league last week, meet Elsinore, sixth place team, in a league game here tonight.

Next Tuesday night, Perris, down in the last spot, comes to the Polo Grounds.

Indio is leading the loop with 12 wins and one loss. Their only loss was in the opening game of the loop when they bowed to the Merchants at the Polo Grounds in a 10-inning game. Since then they have defeated the Merchants twice.

DHS Increases Lead in Desert Softball League

	W	L	Pct.
Desert Hot Springs	8	4	667
Junior Chamber	6	6	500
Mhoon and Mhoon	5	6	454
Youth Center	4	7	363

Desert Hot Springs increased its lead in the Desert Softball League Monday night with a 14 to 11 win over Junior Chamber of Commerce.

Wildness on the part of Jaycee pitchers enabled DHS to score 14 runs on 7 hits as Jaycee made but one error.

Desert Hot Springs was trailing 10 to 3 in the fifth inning when they scored seven runs on two hits, a bunch of walks and a grand slam home run by Al Santori. Munda Stafford of DHS also connected for four bases.

Ted McKinney hit a homer for the Jaycees.

The line score: R H E
Jaycee ... 520 210 1—11 14 1
Desert H. S. 111 074 x—14 7 3
Shaw, Talavera and McKinney; Poist and Allen.

Start 5th Round in Desert Loop

Desert Softball league, which has been close since the opening game, started its fifth round last night when the Jaycee journeyed to Desert Hot Springs.

Tomorrow night, Youth Center meets Mhoon and Mhoon, next Monday, Mhoon and Mhoon take on the Junior Chamber, Mhoon and Mhoon journeys to Desert Hot Springs and the Jaycee meets Youth Center here.

Youth Center and Desert Hot Springs close the fifth round next Friday night here.

O. K. AIRPORT BUILDING

Approval was given by city council Wednesday of plans for a new shop building at Palm Springs airport. The plans were drawn by William Cody, local architect.

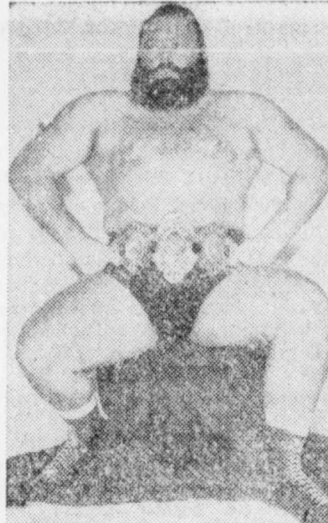

Hombre Montana to Top Program at Indio Arena

Hombre Montana, six feet, one inch tall and tipping the scales at 325 pounds, will feature the wrestling card at Indio Fairgrounds next Friday evening.

Montana, one of the biggest grapplers to come out of Mexico, started in the grunt and groan sport in 1936. It was through the YMCA that he first became interested in wrestling and after winning many amateur bouts, turned professional.

He made his start in wrestling for pay in Mexico City and soon won fame there and throughout Latin-America. Then he toured Europe where he continued to win fame. His prowess attracted promoters in the United States and in 1950 he appeared in a Chicago arena and was an instant hit.

His first appearance in southern California was in April, this year. This bearded version of the "Jack and the Beanstalk" giant specializes in the bear hug and running broad jump holds, hurling his 325 pounds through the air with devastating effect.

GIANT GRAPPLER—Hombre Montana, 325-pound Mexican grappler who will be featured on tomorrow night's Indio Fairgrounds card.

Little Leaguers End 5th Round of Play Next Week

Strebe Theaters and Boys' Club clash in a Little League game at 6:30 p.m. today as a preliminary to a County League game. The two teams have clashed four times before, each winning a pair.

Next Monday night Junior Police and Cravy-Hathaway meet at 6:30 p.m. They also have met four times with the JPs taking 3 to the C-H team's 1.

Tuesday, Strebe Theaters meet the police. In their four games to date, the Police have won 3, the Theater lads, 1.

The Little Leaguers close the fifth round Thursday night with the Boys' club meeting Cravy-Hathaway. Up to this week they had clashed three times with the Club lads winning all three.

Two Villagers Enrolled at Hawaii Univ.

Diana Green, daughter of Mrs. John B. Green of 455 Camino Norte, and Betty L. Wright, daughter of Mr. and Mrs. William R. Wright of 418 Via Colusa, are among the many mainland coeds who are attending the summer session at the University of Hawaii.

The University of Hawaii is a fully accredited institution of higher learning, and credits earned by summer students are transferable to their mainland Alma Maters, according to nationally accepted practices. The main University campus, which is located in Manoa Valley, is scarcely more than a "textbook's throw" from some of the island's finest beaches. While enrolled, mainlanders have little difficulty combining study and sunning with time left over to participate in Hawaiian festivities.

Miss Green, a freshman at Pasadena City College, is enrolled in courses in government and physical education.

Miss Wright, a senior at University of California at Los Angeles, is taking classes in history and physical education.

Miss Sorum Wins Honors

Marilyn J. Sorum, daughter of Mr. and Mrs. Raymond M. Sorum, 401 Merito Place, now attending Woodbury College, Los Angeles, has been awarded the bronze pin of the Phi Gamma Kappa Honor Scholarship society.

To attain this honor Miss Sorum's grades were of the high scholastic standing required for membership in this organization for one quarter's excellence at Woodbury College where she is majoring in Executive Secretarial.

A graduate of Palm Springs high school, Miss Sorum has also attended San Bernardino Valley J. C.

Miss Kazze Back in Palm Springs

Mrs. Nelly Kazze who spent June in Washington, Philadelphia and New York, visiting her family and many friends, has returned to the Village. She leaves soon to join the S. Howard Brezins, who are visiting in Chicago, on a trip to Seattle, Victoria, Vancouver, Portland and San Francisco during August.

Miss Finchy en Route to World Soroptimist Session

Miss Katherine Finchy, director of the Soroptimist District IV of the Southwestern Region, of which the Palm Springs club is a member, has just completed three months work in organization of clubs in this district—including the installation of officers for the newly chartered Tijuana, Mexico, club in May.

Tuesday, Miss Finchy, as delegate to the 1952 Biennial Convention of Soroptimist clubs in Washington, D.C., left on the Golden State Limited. She will be in Washington Friday for the convention which opens Sunday, July 20. After close of the convention July 25 Miss Finchy will spend a few days in New York and on Wednesday, July 30 sail on the Queen Mary, enroute to attend the International Convention of Soroptimist clubs in Copenhagen. She will disembark in France for a visit with Soroptimist clubs there, spending a few days in Paris; then on to Holland and Copenhagen.

HONORED — Miss Katherine Finchy, high Soroptimist official, who has been chosen to represent this area at Soroptimist World Convention at Copenhagen, Denmark.

Pitts Host Beach Event

Mr. and Mrs. Harry Pitts were hosts along with their son and daughter in Long Beach last Saturday and Sunday, July 5 and 6, when their grandson, Stewart, was Bar Mitzvah at the Sinai Temple of Long Beach. Many of the friends of Mr. and Mrs. Pitts from Palm Springs, including the Saul Ruskins, Abe Schwartzes, Max Schiresohns, Rabbi Arthur B. Lebowitz, Leib Rosens, Herman Levine, and Mrs. Nelly Kazze, and Mrs. Clara Dubin, went to do honor to the Pitts on this occasion. A luncheon was served on Saturday for the out-of-town guests, and a reception was held on Sunday afternoon and evening.

"This is a signal honor for Palm Springs and for the Soroptimist District IV of Southwestern Region of the American Federation of Soroptimist Clubs. It is our first representation in an International Convention," said Esther Weingarten, president of the local club.

S. P. Manasses Now in La Jolla

Mr. and Mrs. S. P. Manasse are spending two weeks at La Jolla as guests of Dr. and Mrs. Martin Baker. Dr. Baker is minister of San Marino Community church. Both are well known in the Village and Mrs. Baker spent most of the past season here.

Springs club is the only one sending a delegate to the International Toastmistress convention in Chicago which started yesterday, and will adjourn Wednesday. Mrs. Helen Emery is representing the Village club at the convention.

Toastmistresses at Rink Home

Palm Springs Toastmistress club is continuing to meet every other week throughout the Summer months and this week meets with Mrs. Russell Rink. Speakers are Mrs. June Travers and Mrs. Vivien Scler.

At a recent meeting of Council Eight, comprising Toastmistress clubs of eight neighboring towns it was revealed that the Palm

Growth of Fourth District Fastest in County Area

Supporting the contention of groups which have been working for branch departments of the county government was the breakdown of Assessor Frank Burchfield's report on assessed valuations in the county.

In reporting on gains by supervisory districts, Burchfield revealed that more than half of the increase in the entire county was in the fourth district—the desert district.

In the county as a whole, the assessed valuation increased \$19,608,920 this year over last. In the Fourth District, which includes Palm Springs area, the gain alone was \$10,404,320.

In 1951-52 the Fourth District had an \$89,788,640 value. For 1952-53 the value is \$100,192,960. These figures do not include public utilities of which there is a vast network on the desert.

Palm Springs Unified School district, with an assessed valuation—without utilities—for the current year of \$40,000,000, contains two-fifths of the wealth of the desert area.

Christian Science Sermon Names God Fountain of Life

The Biblical demand to look to God as the source of all true being is discussed as a present day rule of health and harmony in the Sunday Lesson-Sermon on "Life" in all Christian Science churches. The Golden Text is from Revelation (21:6, 7): "I will give unto him that is athirst of the fountain of the water of life freely. He that overcometh shall inherit all things; and I will be his God, and he shall be my son."

According to John's Gospel (4: 46, 49-53), a "nobleman, whose son was sick at Capernaum," besought Jesus, saying, "Sir, come down ere my child die. Jesus saith unto him: Go thy way; thy son liveth. And the man believed the word that Jesus had spoken unto him."

Yesterday at the seventh hour the fever left him. So the father knew that it was at the same hour, in the which Jesus said unto him, Thy son liveth: and himself believed, and his whole house."

Mary Baker Eddy declares in

PALM SPRINGS, CALIFORNIA Thursday, July 17, 1952

The Desert Sun—5

New Hospital Contracts Ease Clamor for Branch

Supervisor Homer Varner of the Fourth District, said he was sure that new contracts prepared between county supervisors and private hospitals in the desert area for care of needy patients before they go to the county general hospital at Arlington, will go far toward satisfying the Coachella Valley area and in ending the demand for a county branch hospital in this section.

Most of the private hospitals in the area are supporting the new contracts, he said.

NEEDY PATIENTS are legally the responsibility of the county but hospitals in the desert area have been caring for them until they are able to make the trip to the county seat, from 50 to 100 miles away.

Private hospitals in the desert area have maintained that they lose money so doing and have asked increased compensation from the county.

"We don't want to make a profit for care of the needy but neither do we want to suffer a serious loss," was the consensus.

NEW CONTRACTS between private hospitals and the county will pay the former medicine, blood plasma, bandages and other expenses and will continue to pay them the same basic fee for needy patients as paid at present. Hospitals had asked an increase in that fee.

Representatives of Desert Hospital here and two hospitals in the Indio area discussed the new contracts with supervisors a week ago. They said the contract "Science and Health with Key to the Scriptures": "If it is true that man lives, this fact can never change in Science to the opposite belief that man dies. If man believes in death now, he must disbelieve in it when learning that there is no reality in death, since the truth of being is deathless" (p. 427).

Four-Day Blaze in Forest Area Takes High Toll

Fire, which broke out a week ago today in the Sugar Loaf mountain area in San Bernardino mountains back of Banning, was brought under control Sunday after sweeping 4,500 acres of brush and timber.

First observed near the South Forks public camp at Barton Flats, the blaze rushed up the slopes of Sugar Loaf, fed by heavy brush and timber.

Some concern was felt during the first days of the fire for scores of children, Boy Scouts and Y.M.C.A. groups, encamped in the Barton Flats area, but the blaze did not deviate from its course up Sugar Loaf and the camps were safe.

Crews mopped up the flames Sunday night and Monday and fire-fighting teams of Navajos and Apache Indians, brought in from New Mexico were released later.

Carnation CORNER

WESTERNERS LOVE SALADS

We're famous for them! We like to experiment with different salad "doings"...and one of the finest is Carnation Cottage Cheese...the flavor—full kind with lots of cream added right at the dairy! You'll like...

Green Pepper Ring Salad

Allow half a green pepper for each serving. Wash, cut out stem end with sharp knife, scrape out seeds with spoon. Pack with a mixture of Carnation Cottage Cheese, chopped raw carrots and tomatoes, minced green onions. Chill, and slice just before serving on individual salad plates lined with salad greens and garnished with radishes, pimiento slices.

Please give me your recipe for SURPRISE SALAD DRESSING!

(Makes 2 cups dressing) 1 cup (1/2 pt.) Carnation Cottage Cheese 1/2 cup Carnation Sour Cream 1/4 cup Roquefort-type cheese 1 tbsp. Worcestershire Sauce 1/4 cup lemon juice

Mix all ingredients in a bowl until smooth. Chill and serve on mixed garden greens or over sliced fresh vegetables such as tomatoes, carrots and cabbage.

EASY MOP UP...put a bicycle handle-bar grip on your mop and it won't slip in wet hands.

JUST PLAIN GOOD!

Carnation Cottage Cheese (with extra cream added at the dairy) tastes fine plain! Brings "nourishment without heaviness" for summer. Richest of all regular cheeses in Protein—also provides Calcium, Iron and Vitamin A.

Ever hear of "LOVE APPLES"?

Tomatoes were highly esteemed by the peoples of the Americas a thousand years ago—yet, they have become modern favorites only within the last hundred years! In fact, tomatoes were once considered poisonous! They were called "love apples"—apparently with the idea that you gave them to your hated rivals! Today, the delicious tomato, so rich in Minerals and Vitamin C, is second only to corn and potatoes in national popularity. It's hard to think what we'd do now, without tomato soups, salads and sauces!

SKIN GAME...to make skins slip off easily, turn tomato over a flame.

Cottage Cheese Specials

Tomato Aspic Ring (or your favorite Seafood Ring) makes a fine supper with Carnation Cottage Cheese piled in the middle.

Appetizers Disappear when you combine Carnation Cottage Cheese with diced tomato, chopped onion, Worcestershire and a touch of catsup or mustard. Serve with potato chips.

Fresh Fruit "Topper"—when you add a little Carnation Half and Half, sugar and lemon juice to Carnation Cottage Cheese. Chill and serve over fresh berries, melon slices or pineapple wedges.

Jewel-Bright Salad! Arrange cooked sliced beets, onion rings (or garden onions) and mounds of Carnation Cottage Cheese on lettuce or salad greens.

DO KEEP IN THE REFRIGERATOR! Carnation Cottage Cheese is at its best when you buy it as you need it...keep it tightly covered in refrigerator. Enjoy it often. JUNE GOODE may be addressed care of address below.

CARNATION COMPANY 45-910 Jackson Street Phone Indio 73139 INDIO, CALIFORNIA

Millions out of a can.... for California!

Right now, as you read this, thousands of people around the globe are opening cans of California products.

A simple act in itself, opening a can. Hardly worthy of notice, you may say. But every time one of these cans is opened, it adds to the stream of money flowing into our State.

The value of the fruits, vegetables, sea food and other food products canned in California is more than \$700,000,000 a year. This money benefits you and everyone who lives in the State, because products that are sent out of the State in cans, in passing from producer to canner to merchant, leave all of us with more money to spend.

For more than 50 years; American Can Company—through the development of new containers and new techniques for canning—has been helping the canning industry widen markets for what California produces.

The constantly increasing income resulting from this co-operation between local and nationwide industry is a typical example of the benefits that forward-looking businesses can continue to create for California in a free, competitive economy.

From Page One—MORE ABOUT

CHARTER PLAN URGED

ected by districts and must live within that district. Desert residents say that with half of the population, almost half of the assessed value and more than half of the area of the entire county, they only have one-fifth of the representation).

2.—GIVE THE COUNTY a county manager form of government similar to the city manager form, (such as is now in effect in Palm Springs).

3.—Eliminate all elective officials except supervisors, district attorney, sheriff, and assessor. Varner said he and most of his constituents are enthusiastic over the plan and he thought the election of supervisors at large, county manager and elimination of most elective officials, deserved much careful study.

VARNER SAID this would be the procedure for giving the county a charter: (1) The board of supervisors would call an election on a proposal to draw a charter and on freeholders to do the job. (2) If a majority of the people approved the proposal the freeholders would draw the charter. (3) At another election, the voters of the county would decide whether they wanted the charter.

Varner urged the board to call the first election in November—at the same time and on the same ballot as the presidential election.

SUPERVISOR Irwin Hayden

said he thought that Varner was moving too fast, and Supervisors William Jones and Sherman Lewis displayed no great enthusiasm, so Varner withdrew for the time being.

He and Barnes said they thought the subject should be discussed again later. They said

it might be wise to form a committee, composed of men from each supervisorial district, that would study the subject and decide whether a charter had enough merit to justify the calling of an election. They took no action Monday toward formation of such a committee, but they indicated they might soon.

VARNER REPRESENTS the huge Fourth District (Banning, Beaumont, Palm Springs, Indio, Coachella, Blythe), and he said "key people" there are "very much in favor" of the election

of supervisors at large.

He explained that they feel they do not get a full voice in the conduct of county government and that they feel they would do better if they had a hand in the election of every supervisor.

He said he himself was almost sure that the election of supervisors at large is "the answer to the disturbed condition in the east (Varner's) end of the county."

It's full up with live news. Subscribe to The Desert Sun.

Travel Into State
Sets New Mark

Automobile Club of Southern California reported this week that influx of out-of-state cars set a new record during the first half of 1952.

The report said 673,501 automobiles carrying 1,763,475 passengers, checked into California. Both automobiles and passengers exceeded the corresponding period last year by 14 per cent.

Revoked

Three Lose City
Sales Tax Permits

Following a hearing held last week by city council, the sales tax permits of Herman Press of Press Neon, John Whitmore of News of the World and Kitty Lane of Your Handbag Directory, were revoked.

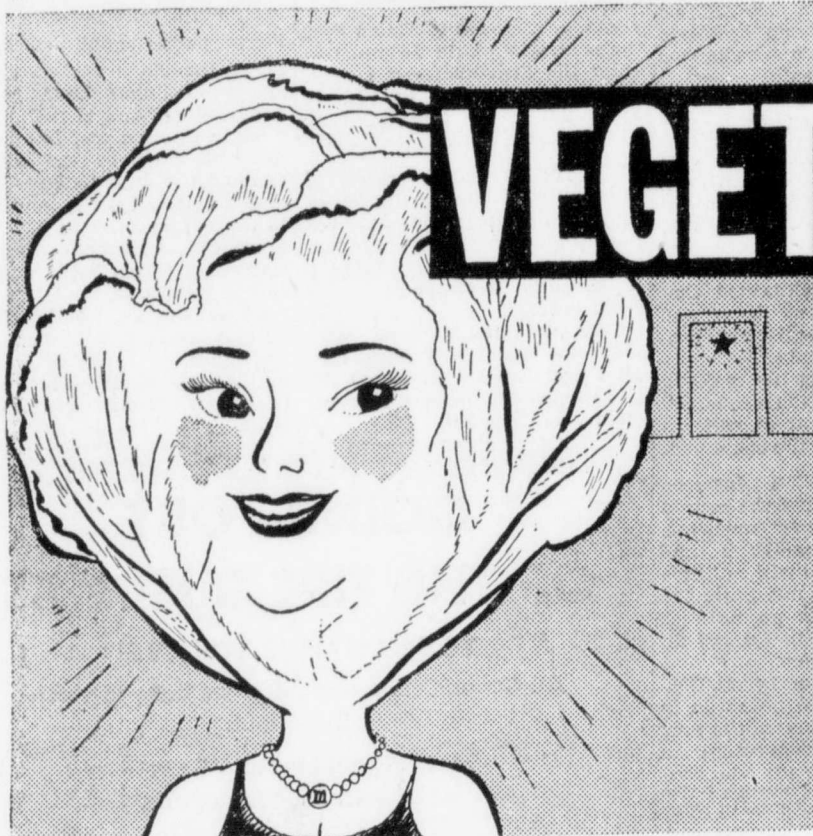

The action was taken on recommendation of City Treasurer Robert W. Peterson.

CONSERVATION—Louis Iselin, Banning rancher, and Dennis Biverson of Palm Springs, discuss conservation practices at the Iselin ranch where the Villager is production manager for a color sound educational film teaching conservation. Members of the technical crew are in the background.

Villager Aids in Production of Educational Sound Film

Color-sound movies for an educational film on conservation are now being taken in the Pass area by a camera unit of the cinema department of the University of Southern California, under the sponsorship of the California state department of natural resources.

Dennis Biverson, 3837 Sunny Dunes road, Palm Springs, principal of the Cabazon school, is unit production manager for the film. The camera crew is on location at Idyllwild.

The film, "The Teacher and the Land," is designed to provide teachers with the proper methods of classroom teaching of conservation. It will be nationally distributed for use in

schools, teachers' institutes and club programs. Cost of the 21-minute movie is expected to be \$4,000.

One sequence of the movie was filmed Monday at the peach orchard of the Iselin ranch on Banning Heights. The camera crew spent the morning there taking pictures of good and poor conservation practices. The Banning site was selected because it is noted as a good fruit-growing country, Biverson stated.

Other scenes are being taken at Idyllwild and Cabazon. Ernest Maxwell, Idyllwild, is assisting with the scenes taken there, which will show conservation of wild life, water, soil and forest.

Approve Plan for Rezoning of Section 14

Both Sides of Indian Avenue in Same Class

City planning commission's proposal for re-zoning of Section 14 was approved by city council last week with minor changes.

Both sides of Indian avenue in the mile fronting the reservation from Ramon road to Alejo will be zoned the same. Both will be C-3, general business, for the most of the mile, from Ramon road almost to Alejo.

Plans for new streets in the reservation providing a direct connection with city offices and airport east of Sunrise way are included. At present, to go to either by paved road from downtown necessitates a detour to Ramon or Tamarisk then Sunrise way to McCallum.

LAWRENCE ODLE, Indian agent, said progress was being made to open McCallum way between Sunrise and Indian avenue but that "it would take considerable time."

Mrs. Austin G. McManus protested zoning of Indian for general business its entire length. She said that there was already too much business zoning now and spoke for a beautification plan.

Odle supported the planner's proposals saying the Indians were desirous of completion of the zoning plan so that they could proceed with the leasing of their individually held allotments.

Gun Toters

Youngsters Face Lecture Period

Several youngsters face a lecture period and probably a trip to the woodshed next week.

They were picked up by police after complaints came in the juveniles were firing guns in the reservation area between Arenas and Andreas roads.

Brought to the station they were released and told to come back next week with their parents for a chat with Ted Greene, juvenile officer.

The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

With the budget out of the way the staff at the city hall is now deep in the work of summer housekeeping. Officials from other cities give us a who-do-you-think you're-kidding look when we tell them we don't close shop for the summer because all hands must turn to and put the city in shape for the winter rush. They are just sure we head for the beach or the mountains to vegetate.

Worn streets must be resurfaced. Engines that had no time to catch an oily breath or rest a weary bearing are repaired and made robust for the tourist blitz. Even though Christmas seems a long way off when the thermometer is dancing at 115°, the street decorations so generously given by the Junior Chamber of Commerce must be checked over for wind damage and electrical shorts. Even the girls with the figures (the accounting department) can't slow up because the adoption of the budget necessitates the preparation of new ledger sheets for the City's books.

LAST SUMMER the engineering department burned midnight oil to complete the plans and specifications for the improvement of Indian avenue before the season started. Many a gallon of the sandman's oil could have been saved because a needless suit filed by an attorney held the job up for many weeks. This summer the engineers are hip deep in drawings and calculations to complete the reinforced concrete roadway that will bridge the Indian Hot Springs and remove the present bottle neck in the middle of Indian avenue. The portion of Indian avenue between Ramon road and Palm Canyon drive will also be widened.

The school district has granted the city a strip of land 15 feet wide along the west side of Indian avenue from Alejo to Granvia Valmonte so the fence and oleander hedge along the Francis Stevens school will be set back this summer.

ALTHOUGH THE Palm Springs airport constitutes one of the city's front doors because many of our visitors enter that way, it looked more like the back door of an unkept shack. But a great change is now taking place. The entire front of the administration building and waiting room is being remodeled. Large picture windows, and redwood paneling are giving the front of the building and the pilots' lounge a real western air. A replica of the runway layout inlaid in linoleum in the main lounge will not only enhance the beauty of the building but will assist the visiting

flyer to find his way around the field. Plans and specifications for all this work were prepared by the engineering department.

Another job that has been keeping the engineers busy for several months is the street paving project for the area lying north of Tamarisk and east of Indian avenue. This is known as a special assessment project because the owners fronting the streets to be paved will pay the cost. As soon as the streets in this area are started the engineers will turn their attention to several other sections of the city where the residents are also clamoring for street paving. When summer comes the heat is on for several City departments and we are not referring to the temperature.

As soon as the streets in this area are started the engineers will turn their attention to several other sections of the city where the residents are also clamoring for street paving. When summer comes the heat is on for several City departments and we are not referring to the temperature.

School Board Meets Tonight

Palm Springs Unified School district board of trustees will meet tonight at Francis S. Stevens school with adoption of the preliminary budget for the fiscal year of 1952-53 as principal business.

Date for public hearing and adoption of the final budget will also be set at tonight's meeting. Assessed valuation of the district for the current fiscal year was reported Tuesday as \$44,810.070. This includes public utilities. Last fiscal year the assessed valuation of the district was \$39,609,540.

New CHP Chief for Local Area

The Indio squad area of the California Highway Patrol will have a new commanding officer July 21. Patrol headquarters at Sacramento announced this week.

He is Lt. Herbert J. Renkel, a veteran of 17 years of Patrol service, who has been serving as a sergeant with the Tulare county squad.

Renkel is one of 13 newly-appointed lieutenants who placed high on promotional examinations earlier this year.

Hiller to Attend 3 Conventions During August

Ray Hiller, hotel and apartment operator here, who hasn't been away from the Village for more than a week at a time for eight years, is planning a long trip this year.

He leaves August 1 for the state convention of the American Legion at Fresno and when that session adjourns, takes off for Boston, Mass. There he will represent Palm Springs chapter 66 at the national Disabled American Veterans' convention, the second week of August.

AFTER THAT session, he will look around the east coast for a week, may fly to Bermuda or even Paris, if he can get accommodations, and then return to New York City for the last week of August to attend the national American Legion convention there as a delegate from the 21st California district. In a meeting Hiller at Huntington Beach, Hiller was elected one of two delegates to represent the district at the convention.

Hiller is working in conjunction with the Chamber of Commerce and on his trips to all three conventions, he plans to take a quantity of Palm Springs literature and hand it out to delegates from other sections.

TOGETHER WITH Mrs. Hiller, he owns and operates El Portal hotel on Palm Canyon drive and the Villa Victoria apartments on Indian avenue. The Villa will close during August for the first time since it was built in 1945 but El Portal Hotel will remain open under management of Ed McSweeney who has leased it.

Last Rites Said for Local Airman

Last rites were said at Palm Springs cemetery Saturday for A. F. Jackson, Villager, who lost his life in an irrigation canal near Indio July 4 while on a picnic.

Jackson was home on leave from Fort Warren air base in Wyoming where he was an airman, 3rd class, attached to the 3450th supply squadron of the 3150th technical training wing. He was accorded full military honors conducted by a squad from the March Field Air Base. He is survived by his mother, Mrs. Aime Rockfuemore of Deberry, Tex.

CHIEF ON VACATION BUT GETS HIS MAN

While police all over southern California were looking for Dickie Billingsley, 22, and two other men who escaped from Trip Flats county road camp in a borrowed county truck, Chief of Police A. G. Kettmann and Mrs. Kettmann, now on vacation at Laguna, stepped into the Strebe's Balboa Ranch Doil House for dinner.

There the chief spotted Billingsley at the bar. As a result, the wanted man is again in county jail. The other two are still free.

Dr. A. L. Archer to Speak Sunday

Dr. Gleason L. Archer, director of Biblical Languages at Fuller Theological Seminary, Pasadena, will be the preacher next Sunday morning at Community church in the absence of Dr. James H. Blackstone Jr., pastor, who is on vacation.

His subject will be: "When Tempted Rejoice." Community church will be open all Summer at the regular hours.

It's Gone, Now

Raymond Keller of a local trailer court gave police an excited call the other night. There was a snake under his trailer, he said. But not for long. Police destroyed it.

Boy Scouts from District Area Win Awards on Trip

Larry Paul, Troop 56, Palm Springs Boy Scouts; Warren Day, Troop 59, Desert Hot Springs; and Gershwin Haltman, Post 81, Cathedral City, were among Scouts winning awards on the Explorer Scout trip to Philmont Scout Ranch at Cimmaron, New Mexico, according to report of Irvin Olson, one of the leaders of the annual expedition.

Twenty-one explorers and two advisors made the trip which came to an end early this month. The boys hiked the rugged country of the Philmont Scout ranch which covers 200 square miles and ranges in elevation from 6500 to 11000 feet.

Haltman won the Philmont Sportsman award and camping, cooking, hiking and angling merit badges.

Paul won Philmont awards for camper, sportsman, woodsman, conservationist and naturalist and also cooking and hiking merit badges.

Day won the Philmont award as sportsman.

Visits in Indiana

Mrs. Ruth Hardy, councilwoman from the Seventh District, will go to Lebanon, Indiana, to visit her father there, a trip she had made annually for many years. She was granted a leave of absence by city council last week and will return in September.

Prompt Action Saves Lad from Drowning in Pool

Little Charles Lee Weigel, 4, was none the worse for wear today despite a close call last week when the presence of mind of his brother, Steven, 6, and his mother, Mrs. Marian Weigel, saved his life.

The child with his brother, had wandered into a neighboring yard and Charles Lee fell into the swimming pool. Steven ran home screaming to call his mother who dashed to the pool, leaped in and pulled the boy out.

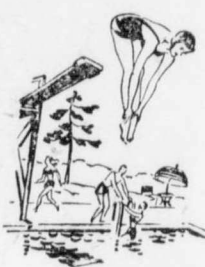

She applied artificial respiration at the poolside and then took the boy home and called a doctor and her husband.

The doctor pronounced the child unharmed due to the quick work of his mother. A check-up later showed no ill effects of the near-tragedy.

The boy's father, Fred Weigel, local newspaper man, after he, too, had recovered, rallied his young sons (he has three more) around him and delivered a talk on the dangers of playing near open swimming pools.

Guest Speaker

Donnee Ellison, aged 9, will be guest speaker Saturday night before the Desert Hot Springs Development Association.
